NICHOLSON GROUP · STANDARD OPERATING PROCEDURE

N3 Nicholson Non-Negotiables *Maintenance*

Who this is for: Everyone attending a job in a resident's home

> We are guests in our residents' homes. These standards apply to every job you attend, every time, whatever the job. They are how residents judge Nicholson — and they are not negotiable.

RULE 1

Would I accept this in my home?

Every job is finished to the standard of a competent tradesperson. If you wouldn't accept it at home, it isn't finished.

RULE 2

Fix it first time

Arrive with the materials you reasonably expect to need, and use every effort to finish on the first visit.

RULE 3

Leave it as you found it

The room and the area you worked in are left clean and tidy. Always.

RULE 4

Uniform, lanyard, ID

Worn and on show at all times. Residents must know who is in their home.
