PART 3

The Nicholson Group Culture Code

This is who we are. This is how we operate. Read and signed by everyone before their first shift. Sign it, live it, own it.

If you're part of this team, you're part of something bigger.

Every one of us is responsible for upholding the standards that define Nicholson Group.

1

Pride in everything we do

We take pride in our work, our words and our results.
Every site, every design and every conversation represents the brand.
If it carries the Nicholson name, it must be best in class.

2

Respect the process

Systems exist for a reason.
We follow them, improve them, and make them bulletproof, together.
Respect for the process is respect for your team.

3

Solutions, not excuses

Problems will happen. Excuses don't solve them.
Bring ideas. Bring energy. Bring accountability.
Own it, fix it, move forward.

4

One team, one standard

No silos. No egos. No passengers.
We move as one unit: construction, lettings, maintenance, media and design.
Every department plays a role in the bigger picture.

5

Excellence is our default

"Mediocre" doesn't live here.
We aim for world-class, even in the smallest detail.
Precision, pride and performance define our work.

6

Positivity & professionalism

We bring energy, not attitude.
We lift the room, not drain it.
Culture is contagious. Be the reason it spreads.

7

Accountability & trust

We do what we say. We deliver what we promise.
Trust is earned daily, by showing up, every time.

8

Growth mindset

We never stop learning.
We invest in ourselves and in each other.
Mistakes teach. Improvement follows.

9

No drama, no blame, no toxicity

We protect our culture fiercely.
If you can't contribute positively, this isn't the place for you.
We move fast, stay humble, and keep standards high.

10

The Nicholson Way

Luxury meets functionality.
Discipline meets creativity.
Pride meets progress.
We don't just build homes. We build legacies.

The Culture Code is Company policy and is not contractual. Concerns about conduct are dealt with fairly under the procedures in the Staff Handbook.
