Nicholson Group Induction Pack

Nov 5, 2026 · @Paul Nicholson

Welcome from Paul Nicholson, CEO

Welcome to Nicholson Group. You have joined a business that has developed, owned and managed homes across St Helens and Liverpool since 2008, and that has never sold a building it has created.

We hold what we build. That means the homes you work on today will still be ours, and still carry our name, in twenty years. It also means the work is long term. Our in-house teams are kept on from one scheme to the next, and our pipeline runs through 2028 and beyond.

This pack, the induction video and your induction morning at Nicholson HQ are designed to give you three things from the start: a clear picture of who we are and what we do, a clear line of who you report to and who gives instructions, and the systems and standards you will work to every day. Then you go out on the job with an experienced colleague for the rest of your first week. Nobody is left to work it out alone.

Read this pack, watch the film, complete the knowledge check, and sign the Culture Code and your policies before your first shift. If anything is unclear, ask. Asking is part of our standard, not a sign of weakness.

I look forward to working with you.

Paul Nicholson
Chief Executive and Founder, Nicholson Group

Who we are

Nicholson Group is a vertically integrated property business: we buy, design, build, let and manage our own homes, with our own people, and keep them for the long term. Our model is **acquire, transform, operate, hold**. We rescue difficult buildings, many of them listed or in town centres, and turn them into premium furnished apartments.

At a glance	
Landlord since	2008
Where we work	St Helens, Liverpool and the surrounding areas
Homes and premises	200 to 300 lettable homes and commercial units

At a glance	
Buildings sold	None. Every home we have created is still held and managed by us
Large conversions	7 town-centre mixed-use schemes, and every property in the portfolio renovated
Head office	Nicholson HQ, 105 Water Street, St Helens WA10 1GT

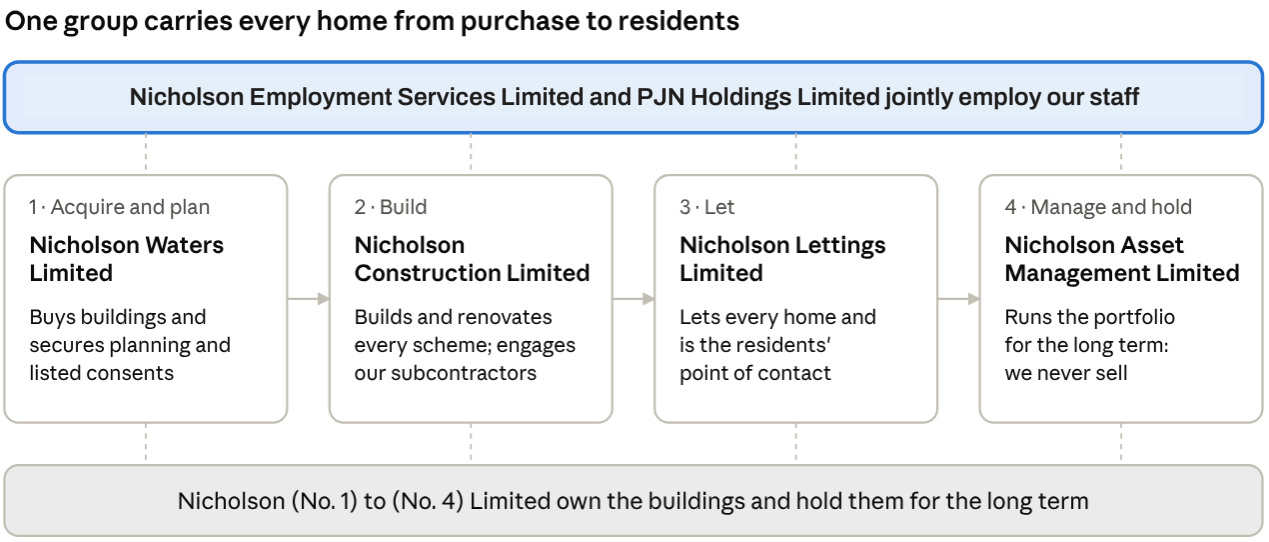

Our completed schemes include Nicholson Lofts, Nicholson House, Nicholson Plaza and Nicholson Place, Nicholson Astoria, Nicholson Residences (the Grade II listed Beechams Building, 18 apartments) and Nicholson Point at Honey Rose (14 apartments, including 4 new-build). Our most recent conversion is the former Radiant House.

Recognition. We won Residential Project of the Year at the North West Regional Construction Awards 2025, and Radiant House was shortlisted in the YM Business & Property Awards 2026. Our schemes have been featured as case studies by Redwood Bank, Shawbrook Bank and Aldermore Bank.

What comes next. Our next major scheme is Pilkington's Canteen in St Helens: the conversion of the Grade II listed Maxwell Fry building on Alexandra Drive into 45 apartments, delivered by our own construction team. Site start is planned for 1 February 2027 and completion for 2028. Alongside it run our live renovations at 89 Beatrice Street, BF 225 Hawthorne Road and 14 Willis Lane, the day-to-day maintenance of every home we own, and further sites in the pipeline.

Our companies

Every stage of a Nicholson home is carried out by a Nicholson company, so the standard never changes hands.

Nicholson Group structure · four stages, joint employers, the owning companies

Company	What it means for you
Nicholson Employment Services Limited and PJN Holdings Limited	Your joint employers if you are an employee: your written statement, pay and payslips
Nicholson Construction Limited (company number 10427375)	Engages you if you are a self-employed subcontractor; principal contractor on our sites
Nicholson Lettings Limited	Lets and manages our homes; the name residents see in the Nicholson Living app
Nicholson Waters Limited	Development and planning, including Pilkington's Canteen

The registered office of our companies is 116 Duke Street, Liverpool L1 5JW. Our head office is Nicholson HQ, 105 Water Street, St Helens WA10 1GT. We are registered with the Information Commissioner's Office under number ZC289932.

Leadership and who to go to

Instructions come only from **Paul Nicholson** or **Kevin Sharp**, unless Paul authorises someone else in writing. If anyone else gives you an instruction, check it with Kevin before you act on it.

Name	Role	Responsible for
Paul Nicholson	Chief Executive and Founder	Strategy, acquisitions and development, finance and lenders, capital spend, rent and arrears decisions, purchasing from valid orders, stage 2 complaints
Kevin Sharp	Construction Director, Nicholson Construction Limited; Voids & Works Manager	Every site, void and maintenance job; health and safety day to day; RAMS and site inductions; job sheets; property inspections, keys and handover of completed works
Callum Hesketh	Office Assistant & Marketing	Lettings, leads and marketing; compliance and certification; HR administration and uniforms; health and safety records; debt collection; logging resident complaints

Who to go to

You need to	Go to	How
Ask what you are working on, or change a job	Kevin Sharp	NicoNet, Messages
Report sickness or lateness	Kevin Sharp	NicoNet, Sickness (by 7:30am) or Messages (before 7:50am)
Raise a pay, payslip, holiday or uniform question	Callum Hesketh	NicoNet, Messages
Report an accident, near miss or unsafe condition	Kevin Sharp	NicoNet, Accident & near miss, the same day
Pass on a resident complaint	Callum Hesketh	NicoNet, Messages, the same day
Request a 1-2-1 with management	Paul Nicholson or Kevin Sharp	NicoNet, Request a 1-2-1
Raise a grievance or a concern you cannot raise with your manager	Paul Nicholson	NicoNet, Request a 1-2-1, or the Speak Up route in the Staff Handbook

You need to	Go to	How
Get through when NicoNet is down	Kevin Sharp	Phone, then record it in NicoNet™ once it is back

Texts, WhatsApp messages and personal emails are not used for work. Everything between you and the Company goes through NicoNet, so there is always a record. Your messages go to the office team (Paul, Kevin and Callum) in NicoMGT and are dealt with by the person shown above. Claude drafts each reply and the office team checks it before it is sent, and you get an answer by the end of the working day. Formal grievances and confidential concerns go only to Paul Nicholson.

Our teams

We work as five teams under one standard. Every member of staff may be deployed to any team or task at management's direction, so learn how the other teams work as well as your own. The current names in each team are in NicoNet under Company, Organisation chart.

Team	What it does	Reports to	Standard it works to
Construction	Our development and renovation schemes: joinery, multi-trade, electrical, labouring, with plastering and decorating subcontracted	Kevin Sharp	The schedule of works, programme and drawings issued before start; RAMS signed for every site
Homes team (led by Robert Sinka)	Property renovations and preparing new homes for letting	Kevin Sharp	Snag-free handover, passed by the quality audit
Reactive maintenance	Residents' repairs, from the job sheet Kevin prepares	Kevin Sharp	At least 5 jobs completed every working day, within the priority timescales
Voids & facilities	Turning empty homes round for the next resident; communal areas and grounds	Kevin Sharp	SOP-V01 Voids and its forms; no home released until the quality audit passes

Team	What it does	Reports to	Standard it works to
Office, lettings & marketing (led by Callum Hesketh)	Portal and website leads, listings, social media, compliance, HR administration, uniforms, debt collection	Paul Nicholson	Every new enquiry called within 60 minutes on weekdays

Employees are jointly employed by Nicholson Employment Services Limited and PJN Holdings Limited. Self-employed subcontractors are engaged by Nicholson Construction Limited and work to the Subcontractor Code (Part E of the Staff Handbook). Both work to the same site and home standards.

Our values and the Culture Code

Our five values are **honesty, dependability, reliability, respect, and integrity and ethics**. We treat every resident the way we would want to be treated in our own home. We call this **Service with Respect**.

The Nicholson Group Culture Code sets out how we work together. You read and sign it in NicoNet before your first shift. **Sign it, live it, own it.**

1. **Pride in everything we do.** If it carries the Nicholson name, it must be best in class.
2. **Respect the process.** Systems exist for a reason. We follow them, improve them and make them bulletproof, together.
3. **Solutions, not excuses.** Own it, fix it, move forward.
4. **One team, one standard.** No silos, no egos, no passengers. Construction, lettings, maintenance, media and design move as one unit.
5. **Excellence is our default.** Precision, pride and performance, even in the smallest detail.
6. **Positivity and professionalism.** We bring energy, not attitude.
7. **Accountability and trust.** We do what we say and deliver what we promise.
8. **Growth mindset.** We never stop learning. Mistakes teach; improvement follows.
9. **No drama, no blame, no toxicity.** We protect our culture fiercely.
10. **The Nicholson Way.** Luxury meets functionality, discipline meets creativity, pride meets progress. We don't just build homes; we build legacies.

Our promise to residents: calls answered or returned the same day; every new enquiry called within 60 minutes on weekdays; messages to the office in the Nicholson Living app answered within one working day; messages about a repair answered by the person doing

it the same working day; repairs attended within our priority timescales; homes handed over clean, safe and snag-free.

The Culture Code is Company policy and is not contractual. Concerns about conduct are dealt with fairly under the procedures in the Staff Handbook.

Your induction morning at Nicholson HQ

This induction is for our voids, construction and maintenance teams. On your first day you come to Nicholson HQ, 105 Water Street, St Helens WA10 1GT, for **9:00am**. By **10:30am** you know who we are, what we do and what we stand for, you are set up on NicoNet and signed off safe to work, and you go out on the job with your buddy for the rest of the week. Office roles have their own induction, led by Paul Nicholson.

Time	What happens	With
9:00	Welcome to Nicholson Group: our story, our homes and schemes, Pilkington's Canteen, the Culture Code and Service with Respect, and where your team fits	Paul Nicholson (in person, or his Welcome video)
9:20	The Nicholson Group induction film	In the office
9:30	NicoNet: sign in, first clock-in at HQ, sign the Culture Code and the statements in Policies & sign-off you read before today	Callum Hesketh
9:55	Health and safety: the H&S policy, site rules, RAMS for your first site; uniform, ID and PPE issued	Kevin Sharp
10:15	Induction knowledge check in NicoNet: 15 questions, pass mark 12	Self-guided
10:25	Meet your buddy; your plan for the week and your first three goals	Kevin Sharp and your buddy
10:30	Out on the job with your buddy	Your buddy

Before your first day. The paperwork is done before you arrive, so the morning is spent on the business, not forms. Callum Hesketh contacts you to:

- check your right to work in the UK (your Home Office share code online, or your documents on a video call). Nobody works any shift until this is done;

- take your bank details, National Insurance number and uniform sizes, and photos of your trade cards and tickets (CSCS, IPAF, PASMA, asbestos awareness, first aid) and, if you will drive for work, your driving licence;
- send your NicoNet sign-in, so you can read the Culture Code, the Staff Handbook (or Subcontractor Code) and the statements in Policies & sign-off before day one.

Come in work clothes and boots: you will be on the job by 10:30.

Your first week: out on the job

From 10:30 on your first day to Friday you work alongside an experienced member of your team, your **buddy**, on live jobs and sites. You watch first, then do the work with your buddy beside you. You are never sent to a job or a site alone in your first week.

- **Every morning.** Clock in by 7:50am at the site or home you are booked on. NicoNet™ checks your location when you clock in and out.
- **Each new site.** Read and sign its site induction and RAMS in NicoNet before you start. No signature, no clock-in at that site. At Pilkington's Canteen, everyone reports to the site cabin before entering the works.
- **Learn the job flow.** Watch how a job arrives in My jobs, how it is attended and closed, and how the resident is told what was done and by whom.
- **Residents' homes.** Your buddy shows you how we introduce ourselves, protect the home and leave it clean and secure. That is Service with Respect in practice.
- **Uniform and ID.** Full, clean uniform and visible ID on every job, from your first afternoon.
- **Staff Handbook.** Finish reading it in NicoNet by Friday, and ask your buddy or Kevin about anything unclear.
- **Friday.** Report progress on your three goals in NicoNet, then a short check-in with Kevin and your buddy: what went well, what you need, and whether you are ready to start working on your own.
- **The following Monday.** You join the Monday team meeting and set your three goals for the week with everyone else.

Your first 90 days

Your first 90 days have three fixed reviews with your manager, recorded in NicoNet under Appraisals, so you always know where you stand. Any probation period is the one stated in your written statement of terms.

When	Review	What we look at
Day 30	First review	Attendance and timekeeping, uniform and conduct, how you use NicoNet, the quality of your first jobs, anything you need from us
Day 60	Progress review	Working without a buddy, standard of work against the schedule or job sheet, residents' feedback, tickets and training still to do
Day 90	Probation review	Whether you are confirmed in the role, your goals for the next six months and the training we will put you through

After that, you have a 1-2-1 with your manager regularly and a full appraisal every year. Good work is recognised: Feedback & awards in NicoNet records praise from residents and colleagues, and the monthly resident newsletter carries a staff member highlight.

If something is not going well, you will hear it early and in private, with the support to put it right. Formal capability and disciplinary procedures are set out in Part B of the Staff Handbook and are always applied fairly.

Our systems

The business runs on three apps. You will use **NicoNet** every working day; you need to understand the other two.

App	Who uses it	What it is for
NicoNet™	Every member of staff and every subcontractor	Your work and everything about it: clocking in, your jobs, messages to the office, residents' messages about your jobs, holidays, sickness, payslips, training, policies and the handbook
NicoMGT™	Paul Nicholson, Kevin Sharp, Callum Hesketh	The management console: staff messages from NicoNet, maintenance, inspections, residents, applicants, arrears and the notice board

App	Who uses it	What it is for
Nicholson Living	Our residents	Residents report repairs, message us and the person doing their repair, see their rent schedule and documents, and give feedback on completed work

NicoNet, section by section

Section	What you do there
Today	My day (your plan and the principle of the week), Clock in, My jobs, Messages, Lone working
Work	Work orders & invoices (subcontractors), Void forms, Materials & orders, Keys & tools, Daily van check, Compliance & audits
Safety	Health & safety, Induction & RAMS, Accident & near miss, Training & tickets, Uniform & PPE
Me	Holidays, Sickness, Return to work, Payslips & P60s, Appraisals, Request a 1-2-1, Vehicle declaration, Right to work
Company	Welcome from Paul, Culture Code, Staff handbook, Policies & sign-off, User guides, Organisation chart, Staff events, Feedback & awards

Rules for every system

- Sign in with your own work email and the code we send you. Never share a login or use someone else's.
- Everything "in writing" means through NicoNet: no texts, WhatsApp messages or personal emails for work.
- Residents message you only about a job allocated to you, through the Nicholson Living app, and you reply from the job in NicoNet the same working day, using first names only. Claude checks every reply before it is sent. Never give a resident your number, email or social media, or contact them from your own phone.
- Nothing is bought for the Company without a valid order number from Materials & orders.

- Never write anything derogatory about a resident or a colleague in a job record, a message or a minute. Records can be read by residents, the council, the ombudsman and the courts.

How we work day to day

These are the rules you will use most. The full detail is in the Staff Handbook in NicoNet.

Hours, attendance and absence

Rule	The standard
Working hours	8:00am to 4:00pm, Monday to Friday. We do not work overtime unless Paul or Kevin agrees it with you in advance
Clocking in	In NicoNet, at HQ or your booked site, by 7:50am at the latest. Clock out when you leave
Running late	Message Kevin Sharp in NicoNet (Messages, Running late) before 7:50am
Sickness	Report it in NicoNet under Sickness by 7:30am on the first day. A text or WhatsApp is not a sickness report
Holiday	20 days plus the 8 bank holidays (28 days), January to December. Request it in NicoNet with at least two weeks' notice; do not book travel until it is approved
Expenses	Only with an order number; photograph the receipt in NicoNet the same day; repaid the following Friday

Repairs. Residents report repairs in the Nicholson Living app. Each job is booked on the Maintenance calendar and appears in My jobs.

Priority	Timescale
Emergency	Made safe within 24 hours, completed within 2 days
Reactive	Completed within 14 days
Inconvenience	Completed within 28 days

The maintenance team completes at least 5 jobs every working day. When you close a job, record what you did; the resident is told what was done and by whom, and asked for feedback.

Voids and move-ins. Every empty home follows SOP-V01 Voids: check-out inspections 4 weeks and 2 weeks before the resident leaves, final check-out at 11:00am on the last day, move-in prep, cleaning and the quality audit. Move-ins are between 3:00pm and 5:00pm. No home is released for letting until the quality audit passes.

Spending. Every purchase needs a valid order number from Materials & orders. Any outside contractor job over £100 needs three quotes and Paul Nicholson's approval.

Residents. If you will be late for an appointment, tell the resident in the job's messages before the appointment time. Never promise what you cannot deliver; if a mistake is made, put it right and say so. Any complaint, however it reaches you, goes to Callum Hesketh through NicoNet the same day.

Messaging residents. When a resident messages you about a repair allocated to you, reply from the job in NicoNet the same working day. A message not answered by the end of the working day goes to Kevin Sharp. First names only, and the conversation stays in the app. Claude puts every reply into the house style before it goes, and holds anything about rent, arrears, deposits, notice, compensation, cost or blame, another resident or contact details for the office. Keep to your job, and pass complaints and any change to the job to the office the same day. Never argue and never reply to abuse: flag it to Kevin. Emergencies go to the emergency line, never the chat.

Lettings. We do not offer viewings. We never refuse anyone because they have children or receive benefits, and we take no payment from a resident other than the rent and deposits handled by Paul and Callum.

Health and safety

Nobody gets hurt working for Nicholson Group. Our health and safety policy is made under section 2(3) of the Health and Safety at Work etc. Act 1974 and signed by Paul Nicholson for Nicholson Employment Services Limited, PJN Holdings Limited and

Nicholson Construction Limited. It is Part F of the Staff Handbook.

Who is responsible. Kevin Sharp is responsible day to day for health and safety on every site, void and maintenance job: RAMS, site inductions, supervision, plant, PPE, accident investigation and toolbox talks. Callum Hesketh keeps the records in NicoNet: training and tickets, inductions and sign-offs, the accident book and the employers' liability insurance certificate.

Your duties

1. Read and sign the site induction and RAMS for every site before you work there. No signature, no clock-in.
2. Only use tools, plant and access equipment you are trained and authorised to use. Keep your tickets current in Training & tickets.
3. Wear the PPE the RAMS require. Uniform, ID and PPE are issued free through Uniform & PPE.
4. Stop work and report it if you find suspected asbestos or anything unsafe. You have the right to stop unsafe work.
5. Report every accident, near miss and unsafe condition in NicoNet the same day.
6. If you work alone in an empty property, check in and out through Lone working.
7. Do the daily van check before your first journey and report defects the same day.
8. Never work, drive for work or come on to a site or into a resident's home under the influence of alcohol or drugs. Site, maintenance, construction and driving roles may be tested at random.

In residents' homes. Residents get at least 24 hours' written notice of a visit through the app, unless it is an emergency. Wear your ID, introduce yourself, offer to wear shoe covers, protect floors and furniture, clean up and leave the home secure. If a resident makes you feel unsafe or harasses you, leave straight away and report it the same day. Never force entry, take any payment, or smoke or vape in a home, a communal area or a company vehicle.

Emergencies. Call 999 first. Then report it to Kevin Sharp and record it in NicoNet.

Policies you sign before your first shift

Every statement below is read and signed in NicoNet under Company, Policies & sign-off, on your induction morning. Your signature is recorded against your name with the date, time and version. When a policy changes, you will be asked to sign the new version.

Statement	Version	Who signs
Nicholson Group Culture Code	v1, 3 Nov 2026	Everyone
Health and safety, risk assessments and method statements	v2, 3 Nov 2026	Everyone
Harassment, sexual harassment and third-party harassment	v1, 3 Nov 2026	Everyone
Receipt of personal protective equipment (PPE)	v1, Nov 2026	Everyone
Standard of work	v1, Nov 2026	Everyone
Confidentiality, data protection and use of NicoNet™	v1, Nov 2026	Everyone
Company property, tools and materials	v1, Nov 2026	Everyone
Messages, the office and residents	v1, 6 Nov 2026	Everyone
Code of conduct and instructions	v1, Nov 2026	Employees
Drugs and alcohol testing addendum	v2, Nov 2026 (replaces 13 Apr 2025)	Employees
Subcontractor Code and site rules	v1, Nov 2026	Subcontractors

Also read in your first week: the Staff Handbook (Issue 2, 3 November 2026) or, for subcontractors, the Subcontractor Code; the employers' liability insurance certificate and "Health and safety law: what you need to know" in Policies & sign-off; and the Location & privacy notice, which explains how NicoNet checks your location only when you clock in and out.

Speaking up. Nothing in any policy stops you raising a concern, a grievance or a protected disclosure, and nobody will suffer any detriment for doing so. The grievance and whistleblowing procedures are in Part B of the Staff Handbook.

Your career at Nicholson

We are building a business to last, and we want people who will grow with it.

Why the work is long term. We hold every home we create, so our homes need maintaining, renovating and re-letting for as long as we own them. Our in-house construction team is kept on from one scheme to the next, and Pilkington's Canteen alone runs from February 2027 into 2028, with up to 40 people on site at its peak.

How you progress

- **Skills.** The training and tickets your role requires are arranged through your manager and recorded in Training & tickets. Tell us at your reviews what you want to learn next.
- **Responsibility.** Our team leads, site roles and managers are filled first from people who already work to our standard. Our Construction Director started his SMSTS site management training with us in January 2026.
- **Recognition.** Feedback & awards in NicoNet records praise from residents and colleagues, and the monthly newsletter carries a staff member highlight.
- **A voice.** Ask for a 1-2-1 at any time in NicoNet. Bring problems with your options and your recommendation; good ideas are adopted and credited.

Your package

What we provide	
Holiday	28 days a year including bank holidays (employees)
Pension	Workplace pension with Smart Pension (employees)
Uniform, ID and PPE	Issued free and replaced when worn or damaged
Pay	Paid on time by bank transfer, with your payslip in NicoNet on pay day
Structure	A named manager, a written statement of terms on day one, reviews at 30, 60 and 90 days and an annual appraisal

Induction checklist and sign-off

Your manager ticks each item off with you by 10:30 on your first day, and the last items at your Friday check-in. The induction is complete only when every item is ticked and both of you have signed.

Before your first day

- [ ] Right to work checked and recorded in NicoNet™
- [ ] Written statement of terms issued (employees) or Subcontractor Code accepted (subcontractors)
- [ ] Bank details and National Insurance number received; UTR and CIS status confirmed (subcontractors)

Systems

- [ ] NicoNet installed, signed in and first clock-in made at HQ
- [ ] Shown Clock in, My jobs, Messages (to the office, and replying to a resident from a job the same working day) and Sickness; the buddy covers the rest of NicoNet on the job
- [ ] Knows not to use texts, WhatsApp or personal email for work

Company and culture

- [ ] Watched Welcome from Paul and the Nicholson Group induction film
- [ ] Read this induction pack
- [ ] Signed the Culture Code
- [ ] Signed every statement in Policies & sign-off (Staff Handbook or Subcontractor Code read in full by Friday)
- [ ] Passed the induction knowledge check (12 or more out of 15)

Health and safety

- [ ] HQ tour: fire exits, assembly point, first aid, welfare
- [ ] Health and safety induction given by Kevin Sharp
- [ ] Uniform, ID card and PPE issued and signed for
- [ ] Trade cards and tickets photographed into Training & tickets
- [ ] Vehicle declaration and daily van check explained (drivers only)
- [ ] Site induction and RAMS signed for the first site

People

- [ ] Manager named, buddy named, first three goals set
- [ ] Day 30, day 60 and day 90 reviews booked in NicoNet™

	Name	Signature	Date
New starter			
Manager			

Induction knowledge check

Sixteen questions, taken in NicoNet on your induction morning under Company, New starter induction. The pass mark is 13 out of 16. If you score less, your manager goes through the answers with you and you take it again the same day. Your score is recorded on your staff file and shown to management in NicoMGT.

1. Since when has Nicholson Group been a landlord?

- A. 2008
- B. 2012
- C. 2016
- D. 2021

2. Which describes how Nicholson Group works?
   - A. We build homes and sell them on completion
   - B. We acquire, transform, operate and hold: we keep every home we create
   - C. We are a letting agent for other landlords' homes
   - D. We buy houses to refurbish and resell quickly
3. What is our next major scheme?
   - A. A new-build estate on a greenfield site
   - B. Pilkington's Canteen: 45 apartments in a Grade II listed building in St Helens
   - C. An office block in Liverpool city centre
   - D. A student hall of residence
4. Who can give you instructions at work?
   - A. Any colleague who has worked here longer than you
   - B. Any resident whose home you are working in
   - C. Paul Nicholson or Kevin Sharp, unless Paul authorises someone else in writing
   - D. Anyone in the office
5. By what time must you clock in each morning?
   - A. 7:30am
   - B. 7:50am
   - C. 8:00am
   - D. 8:15am
6. You are too ill to work. What do you do?
   - A. Text Kevin when you wake up
   - B. Post in the team WhatsApp group
   - C. Report it in NicoNet under Sickness by 7:30am on the first day
   - D. Phone the office after 9:00am
7. Which app do you use for clocking in, your jobs, holidays and payslips?
   - A. NicoNet™
   - B. NicoMGT™
   - C. Nicholson Living™
   - D. WhatsApp
8. How do residents report repairs and message us?

- A. By texting the engineer's mobile
- B. Through the Nicholson Living app
- C. By WhatsApp to the office
- D. By stopping a member of staff on site

9. What is the timescale for an emergency repair?
   - A. Made safe within 24 hours and completed within 2 days
   - B. Completed within 14 days
   - C. Completed within 28 days
   - D. Whenever the team is next in the area
10. How many jobs does the reactive maintenance team complete every working day, at least?
    - A. 2
    - B. 3
    - C. 5
    - D. 10
11. Before you work on a site for the first time, you must:
    - A. Ask a colleague what the rules are
    - B. Read and sign its site induction and RAMS in NicoNet™
    - C. Just turn up and clock in
    - D. Sign the paper book in the van
12. You find something you think could be asbestos. What do you do?
    - A. Carry on carefully and wear a mask
    - B. Bag it up and put it in the skip
    - C. Stop work and report it
    - D. Leave it for the next trade
13. What do we call treating every resident as we would want to be treated in our own home?
    - A. Customer First
    - B. Service with Respect
    - C. The Nicholson Promise
    - D. Five-Star Living
14. You need materials for a job. What must you have before buying anything?
    - A. A valid order number from Materials & orders
    - B. Your own bank card and a receipt
    - C. The resident's agreement to pay

- D. Nothing, as long as it is under £100

15. A resident complains to you while you are on a job. What do you do?
    - A. Tell them to email the office
    - B. Sort it yourself and say nothing
    - C. Pass it to Callum Hesketh through NicoNet the same day
    - D. Ignore it if it is not about your job
16. A resident messages you in the app about the repair you are booked to do. What do you do?
    - A. Text them back from your own phone, it is quicker
    - B. Reply from the job in NicoNet the same working day, using first names only
    - C. Give them your number so they can call you
    - D. Leave it for the office to answer next week

Nicholson Living™, NicoNet™ and NicoMGT™ are trade marks of PJN Holdings Limited.
